

**Safety Data Sheet  
according to 1907/2006/EC**

Ref: HSD/N84

Issue No: 4

Date of Issue: 23<sup>rd</sup> April, 2010

**1. Product and Company Identification**

**Product Name:** NUPROOF

**Intended Uses:** Latex modified bitumen emulsion based waterproof coating/primer.

**Manufacturer:** UNIVERSAL SEALANTS (UK) LIMITED  
Kingston House, 3 Walton Road, Pattinson North,  
Washington, Tyne & Wear. NE38 8QA, United Kingdom

**Tel:** +44 (0) 191 416 1530      **Fax:** +44 (0) 191 415 4377      **Email:** info@usluk.com

**24 Hour Emergency Tel:** CHEMTREC +1 703 527 3887

**2. Hazard Identification**

**Possible Hazards:**

Not classified as hazardous.

Bitumen emulsions are liquid at ambient temperature and may be irritating to the skin due to their alkalinity. In normal use they present no special health hazards other than the risk of eye injury due to splashes from the emulsion.

**3. Composition / Information on Ingredients**

Name	CAS No	EINECS	Conc. (w/w)	Classification	R. Phrases
None known					

**4. First Aid Measures**

**Inhalation:** In case of drowsiness or sickness remove to fresh air, keep patient warm and at rest. If unconscious, turn to the recovery position. Seek medical assistance.

**Skin Contact:** Promptly remove contaminated clothing and wash the affected area with plenty of soap and water to ensure all traces of product are removed, then rinse thoroughly. Any contaminated clothing must be thoroughly cleaned before re-using. Seek medical advice if irritation persists.

**Eye Contact:** Flush with copious amounts of clean water for at least 15 minutes, with the eye lids held open. Seek medical attention.

**Ingestion:** Wash out mouth with water. Keep patient at rest and obtain medical attention. DO NOT INDUCE VOMITING.

**5. Fire Fighting Measures**

**Suitable Extinguisher Media:** The product is not combustible, however if it is involved in a fire, use water spray, foam, dry powder, carbon dioxide or sand.

**Unsuitable Extinguishing Media:** Water jet.

**Exposure Hazards:** May give off toxic fumes if heated or involved in a fire.

**Special Protective Equipment:** In the event of fire wear self-contained breathing apparatus.

**Safety Data Sheet  
according to 1907/2006/EC**

Ref: HSD/N84

Issue No: 4

Date of Issue: 23<sup>rd</sup> April, 2010

**6. Accidental Release Measures**

- Personal Precautions:** Wear protective equipment as specified in Section 8. Do not eat, drink or smoke. Avoid contact with eyes.
- Environmental Precautions:** Keep people and animals away. Prevent entry into drains, sewers and watercourses. If spillage enters drains leading to sewerage works inform the local water company. If spillage enters rivers or watercourses inform the Environment Agency.
- Spillages:** Cordon off area. Absorb/contain spillage using inert absorbent granules, sand or earth. Transfer collected material to heavy-duty plastic/steel drums and keep in a well ventilated place for subsequent safe disposal. See Section 13.

**7. Handling and Storage**

- Handling:** No special precautions are necessary. When handling unopened containers follow any relevant manual handling guidance. The product is a low viscosity emulsion and may present a splashing hazard during use. Refer to Sections 6 and 8 if exposure to product is possible. Wash thoroughly with soap and water before eating, drinking or smoking, and after work.
- Storage:** Store in original containers in a well ventilated area away from heat, ignition sources or open flame. Protect from frost and direct sunlight.

**8. Exposure Controls / Personal Protection**

- Occupational Exposure Standards:** Asphalt (Petroleum) fumes: 8 Hour TWA 5mg/m<sup>3</sup>, 15 minute STEL 10mg/m<sup>3</sup> WEL.  
While this product contains bitumen, which has the above Workplace Exposure Limits assigned to it, this limit applies to fumes from heated material and it is very unlikely that the quoted exposure limits would be reached under foreseeable conditions of use.
- Engineering Control Measures:** Refer to any applicable COSHH assessments. Engineering controls should be used where practicable in preference to personal protection and may include physical containment and good ventilation.
- Respiratory Protection:** Approved respirator and filter medium for particulates if engineering controls are unlikely to control exposure below the relevant exposure limits. All items must conform to EN149 and should be suitable for the levels of contamination present in the workplace.
- Hand Protection:** Wear Nitrile, PVC or Natural Rubber gloves or gauntlets. These must be manufactured to EN374. The material breakthrough time should be stated by the glove manufacturer, and must be observed at all times.

**Safety Data Sheet  
according to 1907/2006/EC**

Ref: HSD/N84

Issue No: 4

Date of Issue: 23<sup>rd</sup> April, 2010

<b>Eye Protection:</b>	If splashing of the product is likely chemical resistant goggles should be worn.
<b>Body Protection:</b>	Wear suitable impervious overalls.
<b>Foot Protection:</b>	Wear chemical resistant safety footwear.
<b>Hygiene Measures:</b>	Handle in accordance with good industrial hygiene and safety practice.

**9. Physical and Chemical Properties**

<b>Appearance:</b>	Dark brown liquid	<b>Boiling Point:</b>	100°C
<b>Odour:</b>	Earthy	<b>Vapour Pressure @ 20°C:</b>	As Water
<b>pH:</b>	7.5-8.5	<b>Evaporation Rate (Butyl Acetate = 1):</b>	As Water
<b>Flash Point:</b>	N/A	<b>Flammable Limits in Air:</b>	<b>Upper:</b> N/A <b>Lower:</b> N/A
<b>Solubility:</b>	Fully miscible in water	<b>Autoignition Temperature:</b>	N/A
<b>Flammability:</b>	Not Flammable		
<b>Specific Gravity:</b>	1.0		

**10. Stability and Reactivity**

<b>Stability:</b>	Stable under normal conditions (see Section 7).
<b>Materials to Avoid:</b>	Acids and strong oxidising agents.
<b>Hazardous Decomposition Products:</b>	Oxides of carbon, sulphur dioxides, hydrogen chloride and hydrogen sulphide.

**11. Toxicological Information**

There is no data available on the product itself. It is not classified as hazardous to health provided it is correctly used in accordance with the given recommendations.

<b>Inhalation:</b>	No adverse effects are to be anticipated.
<b>Skin:</b>	Short single exposure is unlikely to cause skin irritation but prolonged contact may lead to irritation, dryness and possibly dermatitis. Skin absorption is unlikely to occur due to the physical form of the product.
<b>Eye:</b>	May cause slight temporary irritation. Corneal injury is unlikely.
<b>Ingestion:</b>	Single dose oral toxicity is low. No hazards are to be anticipated from swallowing small amounts incidental to normal industrial handling.

**12. Ecological Information**

There is no data available on the product itself. The following information is derived from similar materials.

The product can be virtually eliminated from water by abiotic process, e.g. adsorption onto activated sludge in suitable effluent treatment plants. If the product is correctly discharged into adapted biological treatment plants, the degrading action of the activated sludge will not be

affected. No negative ecological effects are to be expected according to the present state of knowledge.

**13. Disposal Considerations**

Waste product must not be discharged directly to drains or waterways without treatment. Disposal of product, solid waste and packaging should always comply with local, national or EU regulations and in compliance with the Environmental Protection (Duty of Care) Regulations 1991, and be undertaken by an authorised contractor.

**14. Transport Information**

Not classified as dangerous in the meaning of the transport regulations.

**15. Regulatory Information**

**EU Classification and Labelling Particulars: Not classified as hazardous and therefore does not require labelling.**

**Designated Name:** NUPROOF

**Classification:** Not classified as hazardous

**Indication(s) of Danger:** N/A

**Risk and Safety Phrases:**

S25: Avoid contact with eyes.  
S28: After skin contact, wash immediately with soap and water.  
S36/37/39: Wear suitable protective clothing, gloves and eye/face protection.  
S46: If swallowed seek medical advice immediately and show this container or label.

EH26; Occupational Skin Diseases - Health and Safety Precautions, HSE.  
COSHH Essentials, HSE.

**UK Legislation:** Health and Safety at Work, etc Act, 1974, and relevant Statutory Provisions.  
Control of Substances Hazardous to Health Regulations, 1999.  
The Manual Handling Operations Regulations, 1992.  
The Personal Protective Equipment at Work Regulations, 1992.  
Chemicals (Hazard Information and Packaging for Supply) Regulations, 2002 - CHIP 3.

**16. Other Information**

**Full Text of R-Phrases Referred to above:**

N/A

**Training Advice:** Do not use unless trained to do so. Refer to the Technical Data Sheet for the product.

**Recommended Uses:** For professional use only. This product is designed for use as a waterproof coating for most building surfaces.

Issue No: 4

Date of Issue: 23<sup>rd</sup> April, 2010

**Further Information:** This Safety Data Sheet was compiled in accordance with EU Directives 67/548/EEC and 1999/45/EC. The Ariel Regulatory Database provided by the 3E Corporation in Copenhagen, Denmark. ESES (The European Chemical Substances Information System), provided by the European Commission Joint Research Centre in Ispra, Italy. Reference was also made to the above legislation and guidance publications.

**MSDS First Issued:** 24<sup>th</sup> September, 1991.

**MSDS Revised:** 23<sup>rd</sup> April, 2010.

**Changes in this Version:** Sections 1,2,3,5,8,15 & 16 revised to reflect REACH regulations and EU Directive 1907/2006/EC.

**Prepared By:** F. Stratton

**Disclaimer:** The information in this document is offered for general health and safety guidance only and is not intended to be a definitive source of advice, nor does it constitute a risk assessment, for which the user is responsible. All information provided in this document is believed to be accurate to the best of our knowledge. Users of the products referred to should observe the recommendations, conditions and instructions relating to any relevant product label, usage information, consent or approval in force at the time. Further and more specific information may be obtained from the supplier on request.
